

FIBRE CONNECT PANEL (FCP3-R)

The Fibre Connect Panel is a rack mounted fibre enclosure with hard mount fibre adapters. It is designed to economically connect, protect and manage up to 48 fibres in a low profile 1U rack space. The FCP3-R is available in a 24-port SC and 48-port LC version.

ORDERING INFORMATION

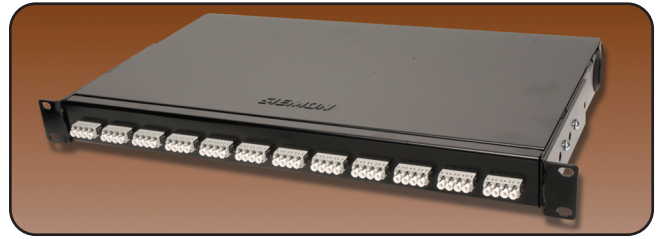

SC Fibre Connect Panel:

FCP3-R-SC24-0124-port Fibre Connect Panel, fixed, duplex SC, 1U, black

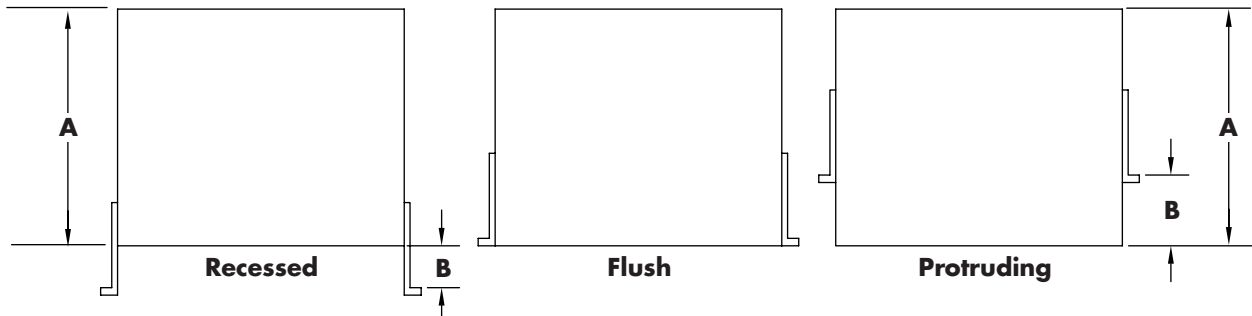

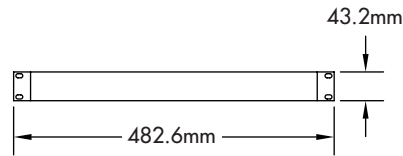

LC Fibre Connect Panel:

FCP3-R-LC48-0148-port Fibre Connect Panel, fixed, quad LC, 1U, black

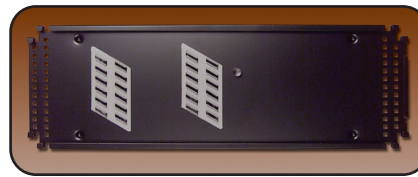

| Dimension A | Position Options Relative to Front of Rack | | |
|-------------|--|-------|------------|
| | Dimension B | | |
| | Recessed | Flush | Protruding |
| 241.3mm | 38.1mm | 0 | 38.1mm |

Fibre Splice Trays:

These aluminium trays can be ordered with either fusion, mechanical or fusion with sleeve splice holders and come with a clear, snap-on polycarbonate cover. The standard tray holds up to 24 splices. Trays can be stacked for high-density applications.

TRAY-3Standard fibre splice tray for up to 24 fusion splices with sleeve protection

TRAY-3
height: 103mm,
width: 298mm,
depth: 8.13mm

Fusion with sleeve splice holders can accommodate sleeve diameters from 1.5mm to 3mm.

Compression Fittings:

Compression fittings are utilised as an enhanced method for securing cables to FCP3 fibre enclosures. Acme threads on the body prevent slipping allowing for faster installations of lock-nuts.

CF-(XX)Compression Fitting

Use (XX) to specify size:

40 = 5.8 - 13.9mm,

51 = 11.4 - 18mm,

60 = 15.0 - 25.4mm
